

Nacka, 14<sup>th</sup> February 2017

**Expiry Date Update of  
M65 EpiDeath ELISA Product no 10040, Lot PE-SS 2923**

Dear Sir or Madam,

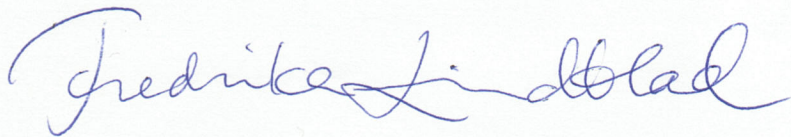

The expiry date of **M65 EpiDeath ELISA Kit lot PE-SS 2923** is set to 28<sup>th</sup> February 2017 because of the expiration of the Wash Tablet (lot P-RS 2578).

**By using the Wash Tablet lot P-SS 1301, the expiry date of the kit lot PE-SS 2923 is prolonged until 31<sup>st</sup> July 2017.**

The Certificate of Analysis of Lot PE-SS 2923 will be valid when using the new Wash Tablet. Kit stability is independent of the Wash Tablet lot, provided that the expiry date has not passed.

Please make sure the end users are aware of the necessity to use the Wash Tablet provided with this letter.

Sincerely,

Fredrika Lindblad  
Quality Assurance Manager
